## Tranquil Top Aruba Resort Debuts Otherworldly Nightlife Experience

EAGLE BEACH, Aruba – February 24, 2022 – Just in time for Valentine’s Day, the stars are aligned at [Bucuti & Tara Beach Resort](#), Aruba, as guests are invited to enjoy the resort’s new stargazing experience. Guests at the adults-only resort can now marvel at the night sky on a self-led experience while sipping on an array of celestial creations on the resort’s new Starry Nightcaps menu. For a resort known for tranquility, laidback luxury and romance, this new offering is nature’s answer to nightlife.

### Look up and wonder

Bucuti & Tara makes stargazing effortless and complimentary. No need for maps, hikes, binoculars or telescopes. Staff helps guests download the stargazing app of their choice on their mobile phones or tablets such as Star Walk, Star Chart or Star Tracker. The stargazing app helps bring the night sky to life instantly locating and showing constellations and planets. Guests can simply point it up and gaze in wonder.

### Starry Nightcaps

As couples settle in on their dreamy stargazing date, they can do so with themed end-of-day libations. Located right on the beach, Bucuti & Tara’s guest-only SandBar now features a Starry Nightcaps menu. Guests can opt for such ethereal elixirs as the new Starfruit Stargazer and The Fifth Element.

The Starfruit Stargazer is a sublime glow-like light green nightcap. It’s a mix of muddle starfruit, lime, raw sugar topped with gin, shaken and strained over ice and topped off with tonic water and a splash of angostura bitter, and garnished with starfruit. The Fifth Element, a nod to aether, or the spirit or soul in the universe that unifies the four other elements of earth, wind, fire and water. This deep purple mystical blend is raspberry vodka, Blue Curaçao, and passion juice swirled with sour mix and soda.

### Cosmos in comfort

Making it easier than ever to witness the beauty of the cosmos in comfort, guests can opt to snuggle into paired cushioned loungers or settees on Eagle Beach. Bucuti & Tara’s prime location within the Low Rise District of Aruba means less bright lights from big buildings, so guests can easily discover the wonders of the dark sky.

The resort's very beach is where Leatherback sea turtle hatchlings, the size of a baby's foot, take their first steps, guided by moonlight as they journey to the waiting sea. Eying the planets, moon and stars shine in real time as night majestically unfolds lets couples connect with nature, a valued component of a Bucuti & Tara vacation.
