Bucuti & Tara Honored as First Winner of AHATA Impact Award for Environmental Protection

EAGLE BEACH, Aruba – July 3, 2023 – <u>Bucuti & Tara Beach Resort</u>, Aruba, is the first winner of the Aruba Hotel & Tourism Association's AHATA Impact Award for Environmental Protection. The inaugural awards event took place June 16, 2023, and highlighted island entities whose business success includes a holistic approach that cares deeply for the island's people and environment.

Standing tall for sustainability

AHATA created the awards program to recognize responsible companies that prioritize the investment in and improvement of Aruba's community. An independent jury of five professionals reviewed 37 impressive submissions dedicated to creating positive impact in the community, rather than a singular focus on financial goals. For the awards program, AHATA accepted detailed entries for its four pillars of sustainability, Environmental Protection, Charitable Investment, Champion for Culture and Employee Well-being.

AHATA champions 151 hospitality entities on island. During the General Assembly of members along with tourism industry executives and Aruba's Minister of Tourism and Public Health

Dangui Oduber, AHATA President/CEO Tisa LaSorte presented Bucuti & Tara and the other winners with artwork by local artist Gilbert Senchi.

Resort Manager Rik van der Berg <u>spoke while receiving the award</u>. On behalf of Bucuti & Tara, he shared "our sustainability is a lot more than the planet, for us it is an all-encompassing structure of doing the right things for the right reasons."

Caribbean's No. 1 Hotel Joins Regenerative Travel

The AHATA Impact Award comes just as Bucuti & Tara continues to elevate travelers' experiences by becoming the newest member of <u>Regenerative Travel</u>. This comes as the <u>Caribbean's first certified carbon-neutral hotel</u> is also being celebrated as the newly announced No. 1 Hotel in the Caribbean and Top 18 Best Hotel in the World by Tripadvisor. Bucuti & Tara has long been recognized globally as a pioneer in proving that memorable vacations and sustainability can be mutually inclusive.

As a Regenerative Hotel, Bucuti & Tara represents a mission-driven, independent spirit; honors the sense of its home in Aruba; has a steadfast ethos of service and provides a vacation that meets values. Joining Regenerative Travel is timely for the resort. A recent <u>Sustainable Travel Study</u> by Expedia showed that 90% of consumers are looking for sustainable options and seek hotel, transportation, dining, and excursions that align with their own personal commitments to sustainability.
