Vacation for a cause

Bucuti & Tara's new pet program blends elegance and practicality, offering a vacation that's equally enriching for pets and their owners. That practicality extends to both the resort being the [Caribbean's first and only certified carbon-neutral hotel](#), and that a portion of the proceeds from every Bucuti & Tara vacation goes to support Aruba's premier spay/neutering and animal welfare program.

[Stimami Sterilisami](#), local Papiamento for "love me, sterilize me," was founded by Bucuti & Tara in 2016 as an answer to Aruba's pet overpopulation issue. The resort provides the primary funding for this award-winning, groundbreaking social responsibility program that is a highly impactful community solution. More than 40,000 local dogs and cats have received spay/neuter services, and the program is providing education for responsible pet ownership throughout Aruba.
